

COALITION FOR A TOBACCO-FREE IMPERIAL COUNTY

Membership Recruitment Form

The Coalition for a Tobacco-Free Imperial County works to raise local awareness about tobacco control issues, activities and services. Members participate in community events, develop and customize social media campaigns that focus on tobacco control, second hand smoke and actively work to recruit new members. Membership is open to individual community members as well as organizations and agencies. To become a member of the Coalition for a Tobacco-Free Imperial County, please complete this form and submit it to the following email address; icsmokefreecoalition@gmail.com or fax: 760-352-9933.

Mission Statement

To improve and promote a healthier Imperial County, the Coalition for a Tobacco-Free Imperial County is dedicated to preventing access and exposure to tobacco smoke and tobacco products, through education and policy change.

Workgroups: To most efficiently complete work, please choose one at least (1) of the three priority areas you would be interested in working with (select your choice):

Tobacco Sale Laws: The primary focus is to gain support of at least two cities in Imperial County (e.g., Brawley and El Centro) to adopt a tobacco retail licensing policy that includes electronic smoking devices (ESDs).

Coalition Committee Recruitment: Ensuring diversity and inclusive representation of Coalition membership by increasing its overall membership by at least five (5) new individuals annually (representing at least three new non-Prop 99/56 funded organizations, with the target age group for new members being 18+ years.

Protect Nonsmokers' Rights: A focus on reducing exposure to secondhand smoke by supporting local healthcare and/or assisted living facilities (licensed healthcare, community clinic, dental, alcohol and drug treatment, mental health, developmental disabilities, senior day treatment, or residential care settings) in Imperial County to adopt and implement voluntary smoke-free campus policies, including the use of electronic smoking devices (ESDs).
